Senate Joint Resolution No. 1051:

A JOINT RESOLUTION PROPOSING AN AMENDMENT TO ARTICLE V OF THE CONSTITUTION OF THE STATE OF FLORIDA BY ADDING THERETO AN ADDITIONAL SECTION TO PROVIDE FOR TWO JUDGES OF THE COURT OF RECORD IN AND FOR ESCAMBIA COUNTY, FLORIDA, AND TO PROVIDE LEGISLATIVE AUTHORITY TO PROVIDE ADDITIONAL JUDGES AS NEEDED.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF FLORIDA:

That the following amendment to Article V of the Constitution of the State of Florida to be added as an additional section to be appropriately numbered by the Secretary of State and the same is hereby agreed to and shall be submitted to the electors of the State of Florida for ratification or rejection at the general election to be held on the first Tuesday after the first Monday in November, 1954, to-wit:

Section From and after the adoption of this Amendment, there shall be a Judge of the Court of Record in and for Escambia County, Florida, in addition to the Judge of said Court already provided. Said Judge shall be elected, at the General Election next succeeding the coming into effect of this Amendment, and shall hold office for six years and receive the same salary and allowances for expenses as is now provided for the Judge of the Court of Record in and for Escambia County, Florida. He shall have all powers and perform all duties and possess all qualifications that are or may be provided or prescribed by the Constitution or by statute for the Judge of the Court of Record in and for Escambia County, Florida, and all statutes concerning said Judge shall apply to him. Provided, however, that if there be a Commissioner of the Court of Record in and for Escambia County, Florida, he shall upon the coming into effect of this Amendment become such ad-

ditional Judge, and shall be commissioned by the Governor as such, to hold office until his successor is duly elected and qualified.

(b) The Legislature may from time to time and as the business of the Court of Record in and for Escambia County, Florida, requires, provide for the appointment for one or more additional Judges of said Court. Each such additional Judge shall be elected and hold office for six years and shall receive the same salary and allowances for expense as other judges of the Court of Record in and for Escambia County, Florida. They shall have all powers and perform all duties and possess all qualifications that are or may be provided or prescribed by the Constitution or by statute for the Judge of the Court of Record in and for Escambia County, Florida, and all statutes concerning said Judge shall apply to them.

Respectfully,

LAMAR BLEDSOE,
Chief Clerk, House of Representatives,

Senator Melvin moved that the rules be waived and the Senate immediately reconsider the vote by which the motion made by him on May 28, 1953 that the House of Representatives be requested to return Senate Bill No. 974 to the Senate was adopted.

The President put the question: "Will the Senate reconsider the vote by which the motion made by Senator Melvin on May 28, 1953 that the House of Representatives be requested to return Senate Bill No. 974 to the Senate was adopted?"

Which was agreed to by a two-thirds vote.

So the Senate reconsidered the vote by which the motion made by Senator Melvin on May 28, 1953 that the House of Representatives be requested to return Senate Bill No. 974 to the Senate was adopted.

The question recurred on the adoption of the motion made by Senator Melvin.

Pending adoption of the motion by Senator Melvin, by unanimous consent Senator Melvin withdrew the motion.

Section 5. All monies received by the Institutions under the management of the State Board of Control, other than from State and Federal sources, are hereby appropriated to the use of the State Board of Control, for the respective Institutions collecting same, to be expended as the State Board of Control may direct, provided, however, that said funds shall not be expended except in pursuance of detailed budgets filed with and approved by the Budget Commission, and shall not be expended for the construction or reconstruction of buildings costing in excess of \$5,000, except upon specific authorization by the Legislature.

Section 6. The State Board of Control is hereby empowered to fix and collect fees for materials, correspondence study and extension incident thereto, through the General Extension Division; and it is expressly provided that all such fees so collected by the State Board of Control shall not affect the state appropriation or be deducted therefrom, and said fees shall be used only for the purposes for which they are collected; Provided, however, that said fees shall not be expended except in pursuance of detailed budgets filed with and approved by the State Budget Commission. In its biennial report, the State Board of Control shall make report in detail of the collections and expenditures of said funds, together with a report of the work done.

Section 7. The purchase of all passenger-carrying vehicles including all types of automobiles, busses, coaches, trailers, motor boats and aircraft, by any Department or Branch of the State Government shall be subject to the approval of at least five members of the State Budget Commission. The purchase of any other automotive equipment including trucks,

tractors, draglines and similar rolling equipment, the item cost of which exceeds five thousand dollars (\$5,000.00), shall be subject to the approval of at least five members of the State Budget Commission. The title to all such property shall remain in the name of the State of Florida.

Section 8. All fees, licenses, taxes and other charges collected by Administrative Boards known as Minor Regulatory Boards enumerated under Item 40 of Section 1 of this Act and received by the State Treasurer on and after July 1, 1953, shall be deposited by the State Treasurer to the credit of the individual boards in the Agencies Fund.

During the first year of this biennium all of the Minor Regulatory Boards referred to hereinabove shall be financed for the first year of the biennium from the General Revenue Fund to the extent that monies are appropriated therefor in Item 40 of Section 1 of this Act. On July 1, 1954, or as soon thereafter as practicable, the Comptroller shall analyze the accounts of all of the above mentioned boards and shall draw warrants, payable to the General Revenue Fund, and chargeable against each board's account in the Agencies Fund, for the amount of monies advanced from the General Revenue Fund during the first year of this biennium plus ten per cent (10%) of the total amount deposited to the credit of each individual board. Any balance remaining to the credit of any of these boards shall carry forward in the Agencies Fund and be disbursed only as authorized in this Act. Thereafter, each board shall be financed solely and individually from income accruing to it from fees, licenses, taxes and other charges collected by the board and all salaries and expenses shall be paid as budgeted and provided in this Act. Each board shall be charged ten per cent (10%) of all collections made and credited to its account in the Agencies Fund. The amount so charged shall be deposited in the General Revenue Fund.

Should the amount of revenue collected by a Minor Regulatory Board during the first year of this biennium fail to exceed the amount appropriated herein or released by the Budget Commission by ten per cent (10%) then the Comptroller shall cease payment of salaries and expenses until such time as said excess has been reached.

Each minor Regulatory Board shall submit a biennial budget as requested of all governmental subdivisions in Chapter 215 and Chapter 216, Florida Statutes, to be based upon anticipated revenues together with any unexpended balance of funds which may accrue to the credit of the particular board. Such budgets shall be subject to appropriate legislative action.

Each board shall operate financially within the budget approved by the Budget Commission and shall deposit all fees, licenses, taxes and collections into the Agencies Fund to be disbursed by the Comptroller only as provided by law for all agencies of the government under this Act.

Any Trust Funds heretofore authorized by the Budget Commission shall be closed as of June 30, 1953, and any unexpended cash balance in said Trust Funds shall be transferred to the Agencies Fund to the credit of the respective Minor Regulatory Board.

It is the intent and purpose of the legislature to place all Minor Regulatory Boards under strict budgetary control and to determine the policy of budgeting all collections and expenditures of funds collected through regulatory laws and to be used by the boards for enforcement and administrative purposes. All funds collected from whatever source are to become a part of the Agencies Fund in the State Treasury and used for the protection and enforcement of provisions of the regulatory law and no additional appropriation shall be made from General Revenue Fund except as provided in this Act.

Section 9. (1) The State Budget Commission shall have the power and authority to approve and prescribe for any Department or Branch of the State Government, created or provided by the Constitution and/or Statutes of this State and for which appropriation is made herein or otherwise provided by law, a position classification and compensation plan under which the Department or Branch shall operate, where the State Budget Commission deems it necessary and feasible.

(2) The salary, or combined salaries, or other compen-

sation for services including perquisites as defined by the State Budget Commission, of any state officer or employee, or employee of any Department or Branch of the State Government created by the Constitution and/or Statutes of this State, shall not exceed sum of \$10,000, unless otherwise expressly provided by law; Provided, however, where it deems necessary and to the best interests of the State, the salary and other compensation for executive and professional personnel may exceed the limitation imposed herein by and with the unanimous consent and approval of all of the members of the State Budget Commission.

(3) The State Budget Commission shall have the power and authority to review and determine the number, and the salary, of the employees of each Department or Branch of the State Government created or provided by the Constitution and/or Statutes of this State, where it is deemed necessary and feasible, and it shall have the power and authority to adopt and enforce rules and regulations it deems necessary for proper control.

(4) No person may hold more than one employment, or receive compensation simultaneously from more than one appropriation, from any funds in the State Treasury or other state funds, except by and with the unanimous consent and approval of all of the members of the State Budget Commission.

(5) Where the salary of any officer or employee of the State has not been changed by any Act of the Legislature of 1953, the appropriation herein for salaries respecting such officer or employee shall control the salary or compensation to be paid such officer or employee.

Section 10. (1) Any unexpended balance of the appropriation for the first year of the biennium, as reflected in the records of the State Comptroller, may be used for a like purpose in the second year of the biennium, but any balance remaining unexpended and not contracted to be expended as provided in this Act at the end of the biennium shall revert to the fund from which appropriated and be available for re-appropriation.

(2) Any balance remaining to the credit of an appropriation made herein or otherwise provided by law, not disbursed but contracted to be expended shall, on or before June 30th of the end of the biennial appropriation period, be certified by the head of the spending agency to the State Budget Commission, showing in detail to whom obligated and the amount of such obligation. The State Budget Commission shall have the power and authority to review and approve any or all of the items and amounts as certified, and it shall furnish to the State Comptroller a detail listing of the items and amounts approved as just encumbrances against the unexpended balances of said appropriations; Provided, however, that on December 31st of the same calendar year any balance so encumbered but still not disbursed in the appropriations made in Section 1. and Section 3. of this Act or heretofore appropriated for general operating expenses shall automatically revert to the fund from which appropriated and shall be available for re-appropriation. In the event this certification is not made and the obligation proven to be just, due and unpaid, then the same shall be paid and charged to the current year's appropriation of the department affected.

(3) No Official, Department or Branch of the State Government shall contract to spend or enter into any agreement to spend any monies in excess of the amount appropriated herein or otherwise provided by law, and any contract or agreement in violation of this provision shall be null and void.

Section 11. Federal money appropriated by the Congress of the United States to be used for State purposes, whether by itself or in conjunction with monies appropriated by the Legislature of the State, is hereby re-appropriated as far as it may be necessary to the purpose for which same was made available and insofar as the same is permitted by the Federal statutes; Provided, however, that said funds shall not be expended except in pursuance of detailed budgets filed with and approved by the State Budget Commission.

Section 12. All appropriations provided for by this Act are maximum appropriations, based upon the collection of sufficient revenue to meet and provide for such appropriations. If, in the opinion of the Governor, the revenues to be collected will be insufficient to meet the appropriations herein pro-

vided for, he shall so certify to the State Budget Commission, and the State Budget Commission shall adjust and/or reduce the budget of any department or board to the end that efficiency and economy may result therefrom, and the appropriations kept within the revenues of the State. In the event the State Budget Commission shall fail to adjust and/or reduce budgets of the several departments after the Governor has certified that the anticipated revenue will not permit of the maximum appropriation herein made, the Governor is hereby vested with the power and authority to effect such changes by executive order, it being the intent and purpose of this Section to prevent any deficit in any department of the State Government, and that the revenues available shall be used in the most efficient and economical manner; Provided, however, that this Section shall not be construed to mean that the Governor or the State Budget Commission has the power to eliminate any Department of Government.

Section 13. (1) Immediately before the beginning of each fiscal year, the State Budget Commission shall require the head of each spending agency to submit or forms prescribed by the State Budget Commission, a work program for the budget year, which program shall include all appropriations for operation and all anticipated revenue and receipts, and maintenance expenditures and for the acquisition of property, and it shall show the requested allotments of said appropriations for such spending agency for the ensuing year. The State Budget Commission shall review the requested allotments in the light of the work program of the spending agency concerned, and the State Budget Commission shall, if it deems necessary, revise, alter or change such allotments before approving the same. The aggregate of such allotments shall not exceed the total appropriations available to said spending agency for the budget year. The State Budget Commission shall transmit a copy of the approved allotments to the head of the spending agency concerned and also a copy to the State Comptroller. The State Comptroller shall authorize all expenditures to be made from the appropriations on the basis of such allotments, and not otherwise.

(2) The head of any spending agency of the government, whenever he shall deem it necessary by reason of changed conditions, may revise the work program of his agency at the beginning of any quarter during the budget year and submit such revised program to the State Budget Commission with his request for a revision of the allotments for the remaining quarters of the budget year. If upon a re-examination of the work program, the State Budget Commission shall decide to grant the request for a revision of the allotments, the same procedure, as far as it relates to review, approval and control, shall be followed as in making the original allotments.

(3) In order to provide funds for possible emergencies arising during the budget year in the operation and maintenance expenditures of the various spending agencies, the State Budget Commission may require the head of each spending agency, in making the original allotments, to set aside at least five per cent of the total amount appropriated as a reserve. At any time during the budget year, this reserve, or any portion of it, may be returned to the appropriation to which it belongs and be added to any one or more of the allotments, provided the State Budget Commission shall deem such action necessary, and shall notify the Comptroller of such action; any unused portion hereof shall remain at the end of the budget period as an unexpended balance of the appropriation.

Section 14. Any incidental monies of the University of Florida, Florida State University and Florida Agricultural and Mechanical College which exceeds the amounts budgeted (for salaries and expenses) out of incidental funds as recommended by the Budget Commission for the biennium 1953-1955 shall revert to the General Revenue Fund of the State of Florida.

Section 15. The amounts budgeted for current operating capital outlay items, under object code series 6000 in the classification of expenditures, as set forth in the operating budgets submitted annually to the State Budget Commission by all Departments and Branches of State Government, shall not be used for any other purposes, except by and with the approval of at least (5) members of the State Budget Commission. All Departments and Branches of State Government shall budget each year in its operating budgets the same proportion of the actual appropriation as was requested of

the Legislature in the legislative budget for current operating capital outlay items.

Section 16. Under Section 1, Item 66, of this Act, there is provided the sum of \$400,000.00 for the purpose of supplying immediate funds for any unforeseen emergency that may arise. This appropriation shall be under the complete supervision and control of the State Budget Commission, and the Budget Commission is hereby authorized in its discretion to designate any part of this appropriation for meeting necessary expenses brought about by such emergency as provided after public hearing and ample evidence is presented to the Budget Commission of the need for such emergency appropriation; provided, however, that no expenditures shall be authorized except by the concurring vote of five members of the Budget Commission and provided, further, that this shall not be construed to authorize the Budget Commission to create any new department or function, and no part of this appropriation shall be used for attorneys' fees, increase of salaries or for the construction of any building.

Section 17. Under Section 1, Item 67, of this Act, there is provided the sum of \$300,000.00 annually for the purpose of supplying additional funds to any State office, commission, department, board, bureau, institution or other agency of the State Government, created by legislative act, if the appropriations made herein are found to be insufficient to pay the necessary costs of proper administration of the duties assigned. This appropriation shall be under the complete supervision and control of the State Budget Commission, and the Budget Commission is hereby authorized in its discretion to designate any part of this appropriation for paying necessary expenses as above provided, after public hearing and ample evidence of needs; provided, however, that application to the Commission shall first be made in writing, giving a complete statement of funds needed and the reasons therefor; provided however, that no expenditures shall be authorized except by the concurring vote of five members of the Budget Commission, and provided, further, that this shall not be construed to authorize the Budget Commission to create any new department or function and no part of this appropriation shall be used for attorneys' fees, increase of salaries or for the construction of any building.

Section 18. Any sum or sums appropriated for salaries, if not required for such purposes, may be applied to expenses of the department to which they are appropriated by approval of the Budget Commission, but in no event shall any sum or sums specifically appropriated for expenses be applied to salaries, except that day labor may be construed as coming within expenses. Any sum paid out under this Act or any other Act from the monies appropriated herein shall be by State Warrant drawn by the Comptroller and countersigned by the Governor upon the State Treasury, payable to the ultimate beneficiary.

Section 19. Any appropriation to any department or agency which is classified as "emergency" or "contingency" may be expended only with the expressed approval of the Budget Commission. The department or agency desiring the use of any such appropriation shall submit to the Budget Commission application therefor in writing setting forth the facts from which the alleged emergency arises. The Budget Commission shall, at a public hearing, review such application promptly and approve or disapprove the same as the circumstances may warrant; provided that an affirmative vote of five (5) members of the Commission shall be required for approval of such request.

Section 20. The State Comptroller may require proof, as he deems necessary, of delivery and receipt of purchases before honoring any voucher for payment from appropriations made herein or otherwise provided by law.

Section 21. Any section of this Act, or any special item of appropriation herein contained, if found to be invalid or vetoed by the Governor without over-riding action of the Legislature, shall in no way affect other sections or other items or appropriations contained in this Act.

Section 22. All laws or parts of laws in conflict herewith are hereby repealed.

Section 23. This Act shall take effect on July 1, 1953.

—and respectfully requests the concurrence of the Senate therein

Respectfully,

LAMAR BLEDSOE,
Chief Clerk, House of Representatives.

And further pursuant to the Conference Committee's report the House of Representatives has adopted the Conference Committee's amendment to Senate Bill No. 274, which amendment reads as follows:

CONFERENCE COMMITTEE AMENDMENT

Strike everything after enacting clause and insert the following in lieu thereof:

Section 5. All monies received by the Institutions under the management of the State Board of Control, other than from State and Federal sources, are hereby appropriated to the use of the State Board of Control, for the respective Institutions collecting same, to be expended as the State Board of Control may direct, provided, however, that said funds shall not be expended except in pursuance of detailed budgets filed with and approved by the Budget Commission, and shall not be expended for the construction or reconstruction of buildings costing in excess of \$10,000, except upon specific authorization by the legislature, except sums received from non-state sources for construction.

Section 6. The State Board of Control is hereby empowered to fix and collect fees for materials, correspondence study and extensions incident thereto, through the General Extension Division and it is expressly provided that all such fees so collected by the said Board of Control shall not affect the State Appropriation or be deducted therefrom, and they shall be used only for the purposes for which they are collected; Provided, however, that said fees shall not be expended except in pursuance of detailed budgets filed with and approved by the State Budget Commission; and said fees shall be deposited in the State Treasury for accounting with the Comptroller of the State of Florida, who, upon the order of said Board of Control, shall draw his warrants on the State Treasurer in payment for the said materials, correspondence study, and extension teaching and expenses incident thereto. In its biennial report, the Board of Control shall make report in detail of the collections and expenditure of said funds, together with a report of the work done.

Section 7. The purchase of all passenger-carrying vehicles including all types of automobiles, busses, coaches, trailers, motor boats and aircraft, by any Department or Branch of the State Government shall be subject to the approval of at least five members of the State Budget Commission. Except for the State Road Department, the purchase of any other automotive equipment including trucks, tractors, drag-lines and similar rolling equipment, the item cost of which exceeds five thousand dollars (\$5,000.00), shall be subject to the approval of at least five members of the State Budget Commission. The title to all such property shall remain in the name of the State of Florida.

Section 8. All fees, licenses, taxes and other charges collected by Administrative Boards known as Minor Regulatory Boards enumerated under Item 40 of Section 1 of this Act and received by the State Treasurer on and after July 1, 1953, shall be deposited by the State Treasurer to the credit of the individual boards in the Agencies Fund.

During the first year of this biennium all of the Minor Regulatory Boards referred to hereinabove shall be financed for the first year of the biennium from the General Revenue Fund to the extent that monies are appropriated therefor in Item 40 of Section 1 of this Act. On July 1, 1954, or as soon thereafter as practicable, the Comptroller shall analyze the accounts of all of the above mentioned boards and shall draw warrants, payable to the General Revenue Fund, and chargeable against each board's account in the Agencies Fund, for the amount of monies advanced from the General Revenue Fund during the first year of this biennium plus ten per cent (10%) of the total amount deposited to the credit of each individual board. Any balance remaining to the credit of any of these boards shall carry forward in the Agencies Fund and be disbursed only as authorized in this Act. Thereafter, each board shall be financed solely and individually from income accruing to it from fees, licenses, taxes and other charges collected by the board and all salaries and expenses shall be paid as budgeted and provided in this Act. Each board shall be charged ten per cent (10%) of all collections made and credited to its account in the Agencies Fund. The amount so charged shall be deposited in the General Revenue Fund.

Should the amount of revenue collected by a Minor Regulatory Board during the first year of this biennium fail to exceed the amount appropriated herein or released by the Budget Commission by ten per cent (10%) then the Comptroller shall cease payment of salaries and expenses until such time as said excess has been reached.

Each minor Regulatory Board shall submit a biennial budget as requested of all governmental subdivisions in Chapter 215 and Chapter 216, Florida Statutes, to be based

upon anticipated revenues together with any unexpended balance of funds which may accrue to the credit of the particular board. Such budgets shall be subject to appropriate legislative action.

Each board shall operate financially within the budget approved by the Budget Commission and shall deposit all fees, licenses, taxes and collections into the Agencies Fund to be disbursed by the Comptroller only as provided by law for all agencies of the government under this act.

Any Trust Funds heretofore authorized by the Budget Commission shall be closed as of June 30, 1953, and any unexpended cash balance in said Trust Funds shall be transferred to the Agencies Fund to the credit of the respective Minor Regulatory Board.

It is the intent and purpose of the Legislature to place all Minor Regulatory Boards under strict budgetary control and to determine the policy of budgeting all collections and expenditures of funds collected through regulatory laws and to be used by the boards for enforcement and administrative purposes.

All funds collected from whatever source are to become a part of the Agencies Fund in the State Treasury and used for the protection and enforcement of provisions of the regulatory law and no additional appropriation shall be made from General Revenue Fund except as provided in this Act.

Section 9. (1) The State Budget Commission shall have the power and authority to approve and prescribe for any Department or Branch of the State Government, created or provided by the Constitution and/or Statutes of this State and for which appropriation is made herein or otherwise provided by law, a position classification and compensation plan under which the Department or Branch shall operate, where the State Budget Commission deems it necessary and feasible.

(2) The salary, or combined salaries, or other compensation for services including perquisites as defined by the State Budget Commission, of any State officer or employee, or employee of any Department or Branch of the State Government created by the Constitution and/or Statutes of this State, shall not exceed sum of \$10,000 unless otherwise expressly provided by law; Provided, however, where it deems necessary and to the best interests of the State, the salary and other compensation for executive and professional personnel may exceed the limitation imposed herein by and with the consent and approval of at least five (5) members of the State Budget Commission.

(3) The State Budget Commission shall have the power and authority to review and determine the number, and the salary, of the employees of each Department or Branch of the State Government created or provided by the Constitution and/or Statutes of this State, where it is deemed necessary and feasible, and it shall have the power and authority to adopt and enforce rules and regulations it deems necessary for proper control.

(4) No person may hold more than one employment, or receive compensation simultaneously from more than one appropriation, from any funds in the State Treasury or other State funds, except by and with the consent and approval of at least five (5) members of the State Budget Commission.

Section 10. (1) Any unexpended balance of the appropriation for the first year of the biennium, as reflected in the records of the State Comptroller, may be used for a like purpose in the second year of the biennium, but any balance remaining unexpended and not contracted to be expended as provided in this Act at the end of the biennium shall revert to the fund from which appropriated and be available for re-appropriation.

(2) Any balance remaining to the credit of an appropriation made herein or otherwise provided by law, not disbursed but contracted to be expended shall, on or before June 30th of the end of the biennial appropriation period, be certified by the head of the spending agency to the State Budget Commission, showing in detail to whom obligated and the amount of such obligation. The State Budget Commission shall have the power and authority to review and approve any or all of the items and amounts as certified, and shall furnish to the State Comptroller a detail listing of the items

and amounts approved as just encumbrances against the unexpended balances of said appropriations; Provided, however, that on December 31st of the same calendar year any balance so encumbered but still not disbursed in the appropriations made in Section 1 and Section 3 of this Act or heretofore appropriated for administrative and other expenses, not including items specifically appropriated for Capital Outlay, buildings and improvements, for the several state departments, bureaus, divisions, offices, commissions, institutions, boards, and all other state agencies created by legislative act and supported by any form of taxation or licenses, fees, imposts, or exactions of any kind, shall automatically revert to the fund from which appropriated and shall be available for reappropriation. In the event this certification is not made and the obligation proven to be just, due and unpaid, then the same shall be paid and charged to the current year's appropriation of the department affected.

(3) No Official, Department or Branch of the State Government shall contract to spend or enter into any agreement to spend any monies in excess of the amount appropriated herein or otherwise provided by law, and any contract or agreement in violation of this provision shall be null and void.

Section 11. Federal money appropriated by the Congress of the United States to be used for State purposes, whether by itself or in conjunction with monies appropriated by the Legislature of the State, is hereby re-appropriated as far as it may be necessary to the purpose for which same was made available and insofar as the same is permitted by the Federal statutes; Provided, however, that said funds shall not be expended except in pursuance of detailed budgets filed with and approved by the State Budget Commission.

Section 12. All appropriations provided for by this Act are maximum appropriations, based upon the collection of sufficient revenue to meet and provide for such appropriations. If, in the opinion of the Governor, the revenues to be collected will be insufficient to meet the appropriations herein provided for, he shall so certify to the State Budget Commission, and the State Budget Commission shall adjust and/or reduce the budget of any department or board to the end that efficiency and economy may result therefrom, and the appropriations kept within the revenues of the State. In the event the State Budget Commission shall fail to adjust and/or reduce budgets of the several departments after the Governor has certified that the anticipated revenue will not permit of the maximum appropriation herein made, the Governor is hereby vested with the power and authority to effect such changes by executive order, it being the intent and purpose of this Section to prevent any deficit in any department of the State Government and that the revenues available shall be used in the most efficient and economical manner; Provided, however, that this Section shall not be construed to mean that the Governor or the State Budget Commission has the power to eliminate any Department of Government.

Section 13. (1) Immediately before the beginning of each fiscal year, the State Budget Commission shall require the head of each spending agency to submit on forms prescribed by the State Budget Commission, a work program for the budget year, which program shall include all appropriations for operation and all anticipated revenue and receipts, and maintenance expenditures and for the acquisition of property, and it shall show the requested allotments of said appropriations for such spending agency for the ensuing year. The State Budget Commission shall review the requested allotments in the light of the work program of the spending agency concerned, and the State Budget Commission shall, if it deems necessary, revise, alter or change such allotments before approving the same. The aggregate of such allotments shall not exceed the total appropriations available to said spending agency for the budget year. The State Budget Commission shall transmit a copy of the approved allotments to the head of the spending agency concerned and also a copy to the State Comptroller. The State Comptroller shall authorize all expenditures to be made from the appropriations on the basis of such allotments, and not otherwise.

(2) The head of any spending agency of the government, whenever he shall deem it necessary by reason of changed conditions, may revise the work program of his agency at the beginning of any quarter during the budget year and submit such revised program to the State Budget Commission

with his request for a revision of the allotments for the remaining quarters of the budget year. If, upon a re-examination of the work program, the State Budget Commission shall decide to grant the request for a revision of the allotments, the same procedure, as far as it relates to review, approval and control, shall be followed as in making the original allotments.

(3) In order to provide funds for possible emergencies arising during the budget year in the operation and maintenance expenditures of the various spending agencies, the State Budget Commission may require the head of each spending agency, in making the original allotments, to set aside at least five per cent of the total amount appropriated as a reserve. At any time during the budget year, this reserve, or any portion of it, may be returned to the appropriation to which it belongs and be added to any one or more of the allotments, provided the State Budget Commission shall deem such action necessary, and shall notify the Comptroller of such action; any unused portion hereof shall remain at the end of the budget period as an unexpended balance of the appropriation.

Section 14. Any incidental monies of the University of Florida, Florida State University and Florida Agricultural and Mechanical College which exceeds the amounts budgeted (for salaries and expenses) out of incidental funds as recommended by the Budget Commission for the biennium 1953-1955 shall revert to the General Revenue Fund of the State of Florida.

Section 15. The amounts budgeted for current operating capital outlay items, as set forth in the operating budgets submitted annually to the State Budget Commission by all Departments and Branches of State Government, shall not be used for any other purposes, except by and with the approval of at least five (5) members of the State Budget Commission. All Departments and Branches of State Government shall budget each year in its operating budgets the same proportion of the actual appropriation as was requested of the Legislature in the legislative budget for current operating capital outlay items.

Section 16. Under Section 1, Item 66, of this Act, there is provided the sum of \$1,000,000.00 for the purpose of supplying immediate funds for any unforeseen emergency that may arise. This appropriation shall be under the complete supervision and control of the State Budget Commission, and the Budget Commission is hereby authorized in its discretion to designate any part of this appropriation for meeting necessary expenses brought about by such emergency as provided after public hearing and ample evidence is presented to the Budget Commission of the need for such emergency appropriation; provided, however, that no expenditures shall be authorized except by the concurring vote of five (5) members of the Budget Commission and provided, further, that this shall not be construed to authorize the Budget Commission to create any new department or function, and no part of this appropriation shall be used for attorneys' fees, increases of salaries or for the construction of any building.

Section 17. Under Section 1, Item 67, of this Act, there is provided the sum of \$500,000.00 for the purpose of supplying additional funds to the Board of Commissioners of State Institutions, if the appropriations made herein under Items 20 and 25 of Section 1 are found to be insufficient to pay the necessary costs of proper administration of the duties assigned. This appropriation shall be under the complete supervision and control of the State Budget Commission, and the Budget Commission is hereby authorized in its discretion to designate any part of this appropriation for paying necessary expenses as above provided; Provided, however, that application to the Commission shall first be made in writing, giving a complete statement of funds needed and the reasons therefor; Provided, however, that no expenditures shall be authorized except by the concurring vote of five members of the Budget Commission, and provided, further, that this shall not be construed to authorize the Budget Commission to create any new department or function and no part of this appropriation shall be used for attorneys' fees, increase of salaries or for the construction of any building.

Section 18. Any sum or sums appropriated for salaries, if not required for such purposes, may be applied to expenses of the department to which they are appropriated by approval of the Budget Commission, but in no event shall any

sum or sums specifically appropriated for expenses be applied to salaries, except that day labor may be construed as coming within expenses. Any sum paid out under this Act or any other Act from the monies appropriated herein shall be by State Warrant drawn by the Comptroller and countersigned by the Governor upon the State Treasury, payable to the ultimate beneficiary.

Section 19. Any appropriation to any department or agency which is classified as "emergency" or "contingency" may be expended only with the expressed approval of the Budget Commission. The department or agency desiring the use of any such appropriation shall submit to the Budget Commission application therefor in writing setting forth the facts from which the alleged emergency arises. The Budget Commission shall, at a public hearing, review such application promptly and approve or disapprove the same as the circumstances may warrant; provided that an affirmative vote of five (5) members of the Commission shall be required for approval of such request.

Section 20. The State Comptroller may require proof, as he deems necessary, of delivery and receipt of purchases before honoring any voucher for payment from appropriations made herein or otherwise provided by law.

Section 21. Any section of this Act, or any special item of appropriation herein contained, if found to be invalid or vetoed by the Governor without over-riding action of the Legislature, shall in no way affect other sections or other items or appropriations contained in this Act.

Section 22. All laws or parts of laws in conflict herewith are hereby repealed.

Section 23. This Act shall take effect on July 1, 1953.

And the House of Representatives has passed Senate Bill No. 274 as amended by the Conference Committee Amendment,

—and respectfully requests the concurrence of the Senate therein.

Respectfully,

LAMAR BLEDSOE,

The following message from the House of Representatives was read:

Tallahassee, Florida,

May 28, 1953

*Hon. Charley E. Johns,
President of the Senate
Sir:*

I am directed by the House of Representatives to inform the Senate that the House of Representatives has passed with amendments —

By Senator Gautier (13th), Leaird, Tapper, Crary, Morrow, Collins, Franklin, and McArthur—

S. B. No. 438—A bill to be entitled An Act creating a state agency to be known as the 'Florida State Turnpike Authority', providing that said authority shall be a body politic and corporate, and defining its powers and duties; providing for the construction, maintenance, repair and operation of turnpike projects as herein defined, at the location established under this Act, and at such other locations as may be hereafter established by law; granting to the authority power to acquire necessary real and personal property and to exercise the power of eminent domain; providing for financing and construction of such projects by the issuance of revenue bonds of the authority, payable solely from tolls and other revenues; providing that no debt of the State shall be incurred in the exercise of any such powers: providing for the collection of tolls and other revenues to pay such bonds and the interest thereon and the cost of maintenance, repair and operation of such projects; exempting from taxes and assessments such projects and such bonds and the income therefrom; authorizing the issuance of revenue refunding bonds; prescribing the rights and remedies of bondholders; granting certain powers to the several counties, political subdivisions, cities, towns, villages, and public agencies and officers of the State to cooperate with the authority; granting power to the authority to adopt rules and regulations for the use of any such project, and vesting the Florida Highway Patrol with the power and duty to enforce same; providing for the use of such projects by certain motor common, and contract carriers under certain conditions; providing that two or more projects may be combined and deemed one project within meaning of Act; prescribing conditions under which such projects become free; providing that until the Legislature determines otherwise, a turnpike project shall be constructed only at the following location or such part thereof determined by the authority to be suitable; from a point of beginning in Dade County, Florida and thence in a general northerly direction to a point in Duval County, Florida, the exact route and termini to be determined by the authority; and conferring on the authority powers and duties in connection with the foregoing.

Which amendments read as follows:

Amendment No. 1—

Strike all of Section 3 and insert the following in lieu thereof:

Section 3. Specific turnpike project—The legislature hereby approves as the general route for a turnpike project, a route extending from a point in Dade County, Florida, in a general northerly direction to a point in Duval County, Florida, and any turnpike project or part or parts thereof constructed in accordance with said route shall be known as the "Sunshine State Parkway"; provided, however, that unless and until the legislature shall determine otherwise, any other provision of this act to the contrary notwithstanding, the authority herein created is authorized hereby to construct, maintain, repair and operate a turnpike project, and such a project is hereby established only at the following location or such part or parts thereof as the authority may determine to be suitable for a project as contemplated

by this act: beginning at a point in Dade County, Florida, and adhering to the aforesaid route, thence in a general northerly direction for a distance not exceeding one hundred and ten miles from the point of beginning; provided further, however, that the exact route and termini shall be determined as provided by Subsection (6) of Section 6 hereof. The 'general northerly direction' hereinabove in this Section referred to shall mean either an east coast or central Florida route, and thorough study shall be made of both routes."

Amendment No. 2—

In Section 29, Sub-section (2), line 2, immediately after the comma in said line insert the following: "and each such session thereafter so long as the authority is in existence,"

Amendment No. 3—

In Title, lines 34 and 35, of the bill, strike out the words: "Prescribing conditions under which such projects become free";

Amendment No. 4—

In Section 6, Sub-section (13), line 5, of the bill, strike out the words: "Three Thousand" and insert the following in lieu thereof: "Fifteen Hundred."

Amendment No. 5—

In Section 6, Subsection (16), of the bill at the end of the paragraph, add the following:

"providing, however, that no federal funds now received by the State of Florida may be diverted to or received or accepted by the authority."

Amendment No. 6—

In Section 7, subparagraph (5), line 23, of the bill change the period to a comma and add the following:

"provided, however, that the above exception shall not apply to public utility facilities owned by a city, county or subdivision thereof."

Amendment No. 7—

In Section 10, subsection (2), line 10, of the bill at the end of the paragraph change the period to a semi-colon and add the following:

"provided that in any proceeding authorized by this act, at the time of entry of the order fixing the amount of the deposit to be made and fixing the time within which, and the terms upon which, the parties in possession shall be required to surrender possession to the petitioner, the court shall by order set said cause for trial and try said cause not later than ninety days after the return date provided in Section 73.04, Florida Statutes."

Amendment No. 8—

In Section 13, of the bill at the end of the paragraph, add the following:

"State funds shall not be used, appropriated or expended to construct, reconstruct, maintain, service, repair, purchase or lease any toll road authorized hereunder or to pay the principal or interest of any revenue certificates or other evidences of indebtedness issued for any such purpose, and the Legislature does herewith determine that any such use of State funds would violate the Constitution of the State of Florida and all such bonds shall contain a statement on their face to this effect."

Amendment No. 9—

In Section 15, of the bill, at the end of the first paragraph, change the period to a comma and add the following: "provided, however, if said bonds are sold for less than par, the total amount of the discount shall be added to the total amount of interest to be paid over the life of the certificates at the rate of interest at which said certificates are to be sold and the total thereof shall be considered as interest and the interest actually to be paid by virtue of any discount shall then be computed and said bonds shall not be sold if the interest to be paid plus the discount exceeds five per centum (5%)."

Amendment No. 10—

In Subsection 5, of Section 7, in line 23, following the period after the word "Act" insert the following:

Providing that no Rural Electric Co-operative or any communications company or any private or public utility shall be required to pay any of the costs and expenses of removing or relocating any facilities or installations belonging to any Rural Electric Co-operative or communications company or private or public utility from or on any rights of way provided for in this Act, and the Authority created by this Act shall relocate or remove same and shall pay the costs and expenses of relocating or removing same.

Amendment No. 11—

In Section 4, page 4, line 6, of the bill, after the word "prior" insert the words "or subsequent"

Amendment No. 12—

At the end of Section 7 add a new paragraph as follows:

The turnpike authority shall construct or provide underpasses or overpasses for the passage of livestock and vehicles under said turnpike at such intervals as it may deem necessary.

Amendment No. 13—

In Section 6, Subsection (17), of the bill, strike out the entire subsection and insert the following in lieu thereof:

"(17) To employ such engineers, full-time salaried attorneys only, accountants, construction and financial experts, superintendents, managers and other employees and agents as the authority deems advisable and as may be necessary in its judgment and to fix their compensation; provided, however, that where, in the opinion of the authority, it is necessary to employ nationally recognized attorneys in connection with the issuance of bonds, only such nationally recognized attorneys may be employed and their compensation paid on a fee basis."

Amendment No. 14—

In title, last seven (7) lines, of the bill, strike out the words:

"Thereof determined by the authority to be suitable: from a point of beginning in Dade County, Florida and thence in a general northerly direction to a point in Duval County, Florida, the exact route and termini to be determined by the authority: and conferring on the authority powers and duties in connection with the foregoing."

—and insert the following in lieu thereof:

"Or parts thereof determined by the authority to be suitable: from a point of beginning in Dade County, Florida and thence in a general northerly direction for a distance not exceeding 110 miles from point of beginning, the exact route and termini to be determined by the authority; and conferring on the authority powers and duties in connection with the foregoing."

—and respectfully requests the concurrence of the Senate therein.

Respectfully,

LAMAR BLEDSOE,

Chief Clerk, House of Representatives.

Strike out all of Section 25 of the typewritten bill and insert in lieu thereof the following:

"Section 25. There is hereby appointed an election commission consisting of those persons named in Section (4), as members of the town council who shall, within not less than thirty (30) nor more than sixty (60) days after this Act is filed in the office of the secretary of state, call and hold a referendum election in the territory described in Section 1 of this Act, at which time there shall be submitted to all the qualified electors in said area the question of whether or not this Act shall become effective. Notice of said election shall be published one time at least twenty (20) days prior to said election in some local newspaper having a general circulation in the said area affected. If a majority of those electors voting, vote in favor of this Act becoming effective then it shall take effect immediately, otherwise to be of no force and effect. The supervisor of registration of the county shall prepare a list of all registered voters of the territory described in Section 1 of this Act, according to the records of his office and deliver same to the above named election commission on the fifth day immediately preceding the date of the election and only those persons whose names appear or should appear on such list will be eligible to vote at said election. Any resident of said area wishing to qualify as a candidate for member of the town council to fill the two seats which will become vacant on January 1, 1954 and which shall also be voted on at this referendum election, shall, not later than 10 days prior to election date, file his name with one of the members of the election commission named hereinabove and pay a qualifying fee of ten dollars (\$10.00) which shall be used by the election commissioners to defray the cost of such election. All such candidates qualifying shall have their names placed on the ballot at said election as such candidates. If this Act becomes effective as a result of said election, the two candidates for membership on the town council receiving the two highest number of votes cast for that office shall be declared elected for two year terms beginning on January 1, 1954. The election commission shall appoint substitutes to serve on the polls for any member of the commission who is a candidate. Within five (5) days after

said election the said board of election commissioners hereby appointed shall meet and certify the results of said election to the secretary of state, whereupon if the results of the election are that this Act shall take effect then those persons named in Section 4 hereof shall immediately assume the duties of their offices, otherwise this Act shall be of no force or effect. Said election shall be held in substantially the same manner as county elections."
